SAFETY DATA SHEET

ORGANIC CASTOR OIL

Product name	Castor Organic Carrier Oil - USP - Extra Virgin
Supplier	Live Fraiche, LLC
Revision date	August 29, 2026
Print date	September 24, 2026

SECTION 1: IDENTIFICATION

- **Product name:** Castor Organic Carrier Oil - USP - Extra Virgin
- **Botanical name:** Ricinus communis
- **INCI name:** Ricinus Communis Seed Oil
- **CAS number:** 8001-79-4
- **Country of origin:** India
- **Recommended use:** Cosmetic carrier oil for topical hair, scalp, skin, brow, and lash formulations; domestic and industrial uses.
- **Restrictions on use:** External use only. Not for ingestion.
- **Supplier contact information:**
  - Live Fraiche, LLC
  - 1628 Elgin St., Houston, TX 77004
  - Email: contact@livefraiche.com

SECTION 2: HAZARD IDENTIFICATION

- **WHMIS classification:** Not applicable.
- **GHS classification:** Not classified.
- **Signal word:** Warning.
- **Hazard statements:** Not applicable.
- **Precautionary statements:** Not applicable.
- **Hazards not otherwise classified:** May cause mild skin irritation.

SECTION 3: COMPOSITION AND INFORMATION ON INGREDIENTS

Product name	CAS number	EC number	Concentration
Ricinus Communis Seed Oil	8001-79-4	-	100%

Note: No known ingredient of this product is classified as hazardous.

SECTION 4: FIRST AID MEASURES

- **Eye contact:** Immediately flush eyes with plenty of cool water for at least 15 minutes. Get medical attention if irritation occurs.
- **Skin contact:** Remove contaminated clothing. Wash area with soap and water. If irritation occurs, get medical attention.
- **Inhalation:** If inhaled, move to fresh air. Get medical attention if symptoms appear.
- **Ingestion:** Seek medical attention or contact a local poison control center.

SECTION 5: FIRE FIGHTING MEASURES

- **Suitable extinguishing media:** Foam, dry powder, carbon dioxide.
- **Unsuitable extinguishing media:** Water spray or water jet.
- **Protective equipment and precautions for firefighters:** Wear proper protective equipment. Exercise caution when fighting a chemical fire. Use water spray or fog to cool exposed containers.
- **Special hazards:** Hazardous decomposition products may form at extreme heat or if burned.
- **Resulting gases:** Carbon oxides.

SECTION 6: ACCIDENTAL RELEASE MEASURES

- **Personal precautions:** Equip cleanup personnel with proper protection. Respiratory protection may be necessary.
- **Environmental precautions:** Prevent entry to sewers and public waters. Notify authorities if product enters sewers or public waters.
- **Containment and cleanup:** Clean spills as soon as possible using absorbent material. Place recovered material in suitable disposal containers.

SECTION 7: HANDLING AND STORAGE

- **Safe handling:** No direct lighting or smoking. Promptly remove product from eyes, skin, and clothing. Wash hands and exposed areas with mild soap and water before eating, drinking, or smoking and when leaving work. Follow good industrial hygiene and safety procedures.
- **Safe storage:** Provide local exhaust or general room ventilation to minimize dust or vapor concentrations. Keep the container closed when not in use.

SECTION 8: EXPOSURE CONTROLS AND PERSONAL PROTECTION

- **Eyes:** Use tightly sealed goggles where splashing is possible.
- **Skin:** If skin contact or clothing contamination is likely, wear protective clothing and gloves.
- **Ingestion:** Ingesting large amounts of the oil may cause nausea and vomiting.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

- **Appearance:** Colorless to pale yellow liquid.
- **Odor:** Characteristic faint odor.
- **Flash point:** >254°C
- **Relative density:** 0.957-0.961 at 20°C
- **Solubility:** Soluble in oil; insoluble in water.

SECTION 10: STABILITY AND REACTIVITY

- **Reactivity:** No significant reactivity hazard.
- **Chemical stability:** Chemically stable.
- **Possibility of hazardous reactions:** Hazardous polymerization will not occur.
- **Conditions to avoid:** Sparks, flame, and other heat sources.
- **Incompatible materials:** Strong oxidizing agents.
- **Hazardous decomposition products:** Carbon oxides.

SECTION 11: TOXICOLOGICAL INFORMATION

- **Skin contact:** Prolonged exposure to concentrated liquid or vapor may irritate skin. Normal care and personal hygiene should prevent adverse skin effects.
- **Eye contact:** May irritate the eyes and cause possible damage. Wear safety glasses where exposure is possible.
- **Ingestion:** Large amounts may cause nausea and vomiting.
- **Serious eye damage:** May cause serious eye damage.

SECTION 12: ECOLOGICAL INFORMATION

- **Ecotoxicity:** Avoid pollution of ground, surface, or underground water.
- **Persistence and degradability:** Not available.
- **Bioaccumulative potential:** Not available.
- **Mobility in soil:** Not available.

SECTION 13: DISPOSAL CONSIDERATIONS

Dispose of product in accordance with applicable local, state, provincial, and federal regulations. Check with the local municipal authority to ensure compliance.

SECTION 14: TRANSPORT INFORMATION

- **US DOT shipping description land:** Not regulated.
- **IMO IMDG shipping description sea:** Not regulated.
- **IATA shipping description air:** Not regulated.

SECTION 15: REGULATORY INFORMATION

- **GHS hazard statements:** Not available.
- **GHS precautionary statements:** Not available.

SECTION 16: OTHER INFORMATION

- **Prepared by:** Live Fraiche, LLC
- **Address:** 1628 Elgin St., Houston, TX 77004
- **Email:** contact@livefraiche.com
- **Revision date:** September 29, 2026
- **Print date:** September 29, 2026
